3

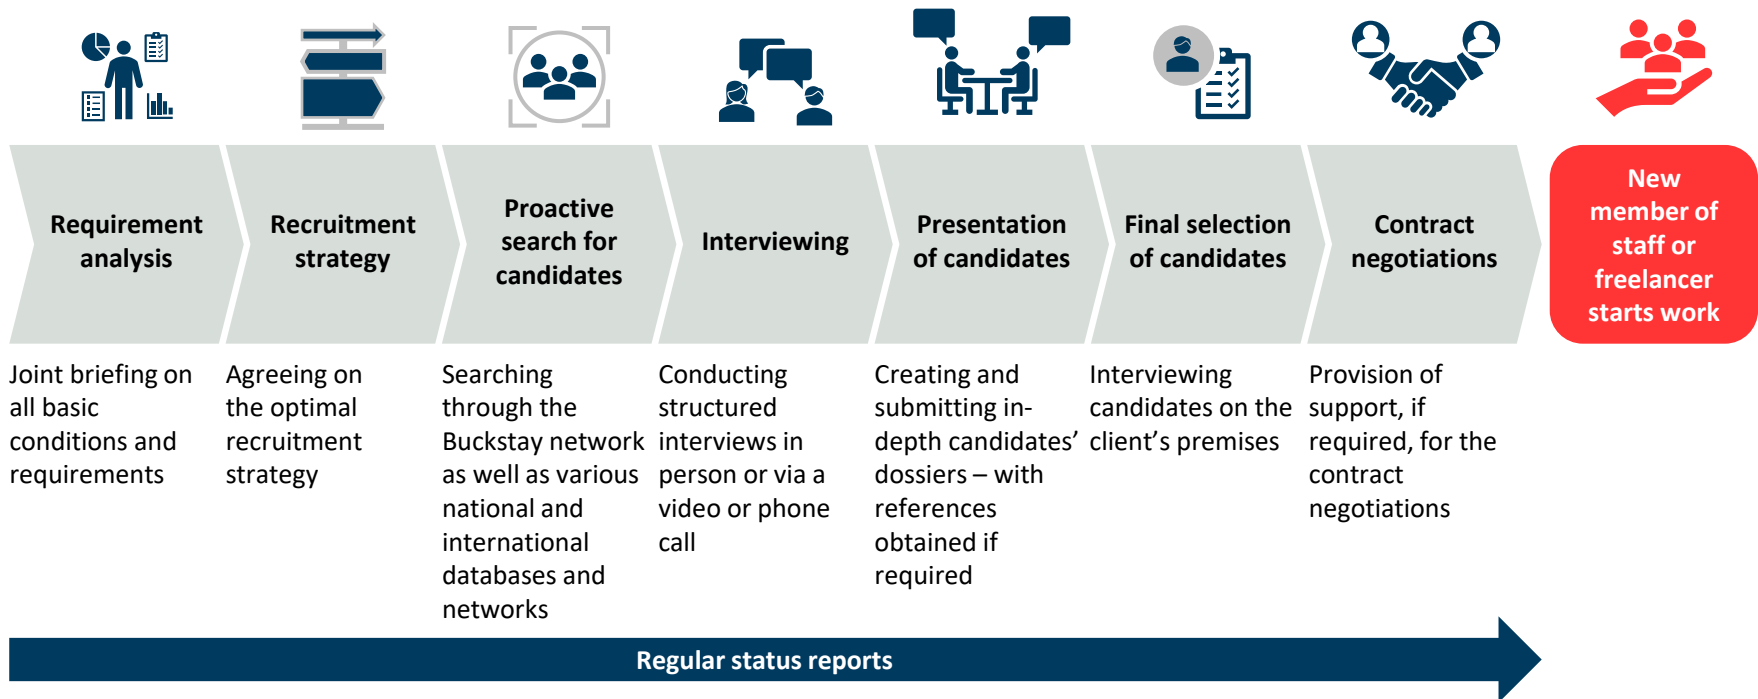

Our concept

As personnel consultants, we fill vacancies with suitable experts. Our extensive network and targeted approach to candidates enable us to select precisely the right personnel.

Our recruitment process

How we work

We take the entire recruitment process off your hands – right up to contract signing and beyond. Throughout this process you will be regularly informed on the progress made.

Our freelancers' network

Freelancer management

- Systematic, database-founded freelancer management
- Close, long-lasting cooperation with our freelancers
- Structured categorisation and assessment of the freelancers' qualifications/skills
 - Provision of suitably matched project offers
 - On-going quality management
- Experts talk to experts – broadly based specialist project management know-how through Buckstay's own consultants
- Collaboration with specialised cooperating partners to cover specialist needs
- On-going expansion of Buckstay's powerful network in the core project management disciplines

4
